

FIG. 1

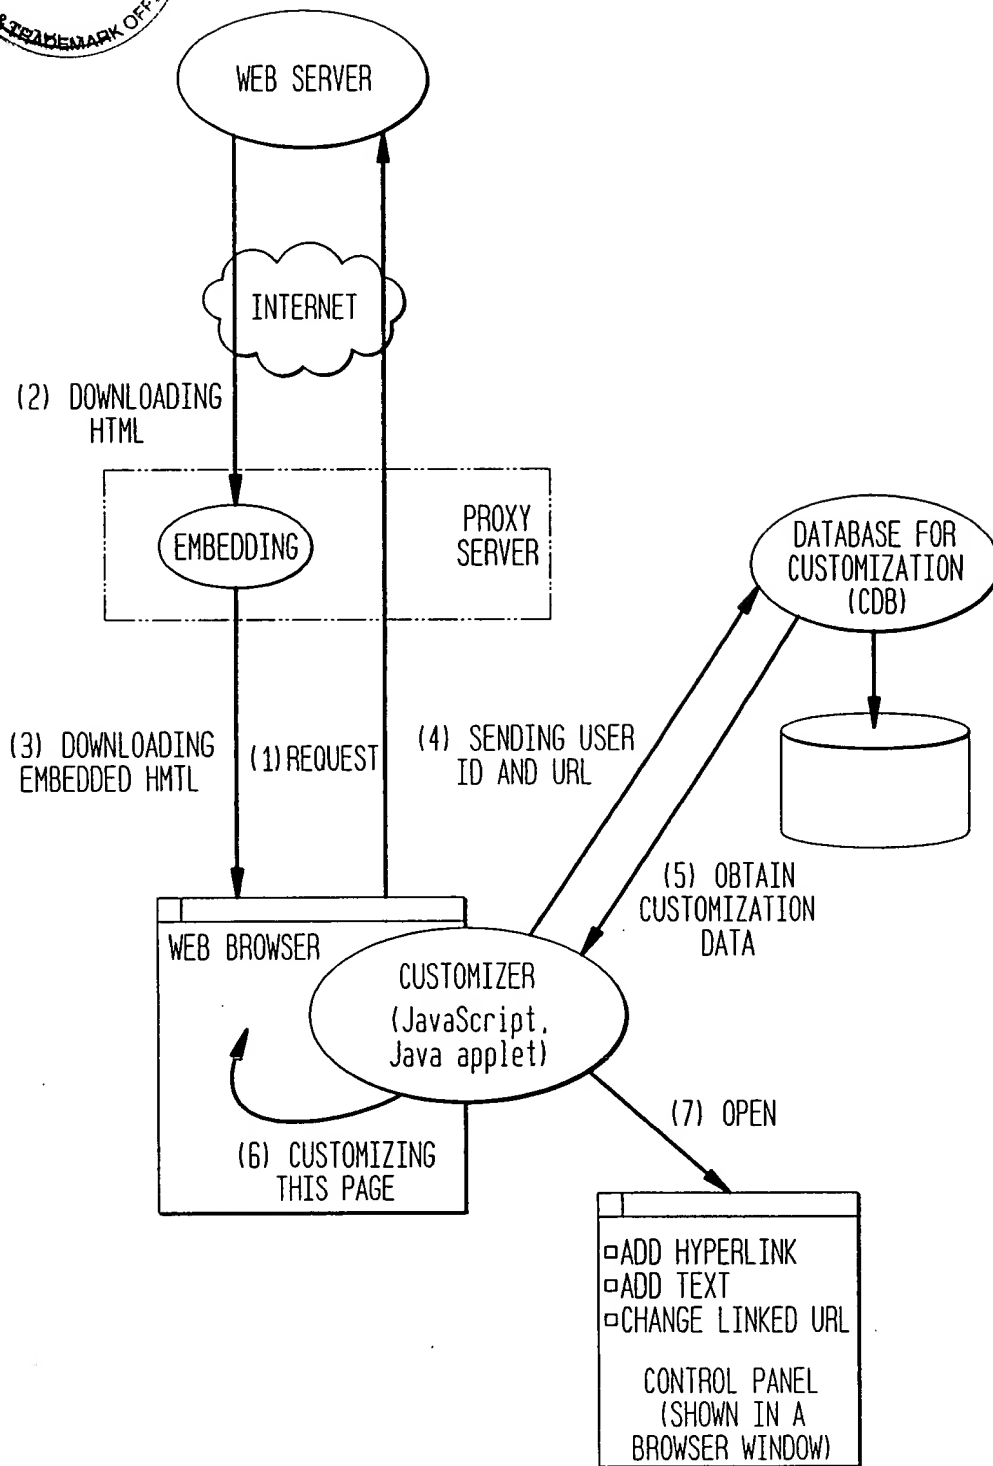

FIG. 2

The image shows a screenshot of a web design software interface. At the top, there is a 'WEB PALLETTE' window with various icons for text, background patterns, and colors. Below it, a larger dialog box is open, titled 'BACKGROUND'. Inside this dialog, there is a 'COLOR' dropdown menu set to 'YELLOW'. Below the color selection, there is a 'COMPONENT' section with a 'TEXT IN (HTML)' field and an 'ADD' button. Below that, there is a 'HYPER-LINK' section with 'TEXT' and 'URL' fields, each with an 'ADD' button. At the bottom of the dialog, there is a 'TEXT AND LINK OPTIONS' section with several dropdown menus for 'TEXT' (SERIF), 'SIZE' (8PT), 'STYLE' (NORMAL), 'WEIGHT' (NORMAL), 'DECORATION' (NORMAL), and 'TEXT COLOR' (BLACK). At the very bottom of the dialog, there are three buttons: 'OK', 'CANCEL', and 'CLEAR'.
